

This is an exciting time for me, and I want to share it with you. I've created this Calendar/Journal for 2018. Besides the Calendar pages by the week, with each New Moon and Full Moon there is a page with the sign/symbols and overview for your guidance. On the next page is a journal page. Here you will be able to record your intentions and affirmations for each New Moon and Full Moon sign. On the backside of this flyer is an order form. To order this product, you can go to www.NancyOgren.com, where you may use PayPal, or you can send the orders directly to me at: **Nancy Ogren, PO BOX 271502, Ft. Collins, CO, 80527**. CANCER ☾ FULL MOON

Element: Cardinal/Water

Purpose: Achieving Self-hood

Sensitivity	Cancer Moon/Sun Qualities	Vital
Connectedness		Sincere
Devotion		Nurturing

☾ Symbol: The Nurturer

☾ Transpersonal: The Universal Mother

We are beginning this year with this water sign Cancer Full Moon, opposite the Sun in the earth sign Capricorn! This is so much more of a continuing across the threshold energy, rather than a wrap-up. A sign of flow is Uranus stations direct today, in Aries, after having been retrograde since last August. More importantly, no planets are retrograde until early March when first Jupiter, and then Mercury will be retrograde. This is really a cycle of forward motion, with a sense of personal well-being. Much of the energies you've put into the last year are bringing a new trust in yourself and your individual path into the higher realms of spiritual awareness.

This wonderful Full Moon is trine Neptune, in Pisces, which also brings the sense of wonder and magic to the celebration. Mars and Jupiter in Scorpio are also part of a Grand Trine, very positively aspecting both the Sun and Moon, bringing out the pioneer of the Capricorn Sun. This is allowing a real true, concrete opportunity to set about taking your steps into the manifesting of your lifelong dreams and plans. Know that you are in perfect alignment to continue bringing into your own life all that is possible, from now on. Venus, the Sun and Pluto are all conjunct in Capricorn, which brings a real sense of a commitment to your future, with the Cancer Moon's blessing. This is a very positive thing to do!

Gamelia offers the sense of luck and prosperity of the Greek goddess Hera. On this day of new beginnings, you are inviting Gamelia to share her sense of prosperity and her joy in loving with everyone in your life.
